Live Free or Die: Reclaim your Life... Reclaim your Country! Shona Banda
Live Free or Die is a first hand, graphic account of the torments associated with both Crohn's disease and the common medical treatments on one sufferer, Shona Banda. She takes the reader on her journey of the pain and suffering that now afflicts some 700,000 Americans and she then documents her salvation and resurrection thanks to medical cannabis. Her very personal account calls into question a legal system that criminalizes patients and a medical establishment bent on surgical and big pharma solutions that fail repeatedly to bring her relief and leave her scarred and sterile. She makes a compelling case for the legalization of cannabis to treat this intransigent illness and she raises other thought provoking questions about religion, Jesus and American politics. The reader will finish this book with a much more complete understanding of the suffering associated with Crohn's Disease and a new appreciation for the powerful and safe medical uses of cannabis.
