When Evil Is a Pretty Face: Female Narcissists & the Pathological Relationship Agenda Zari L Ballard
Are you the target of a narcissist's relationship agenda?

Is your wife, girlfriend, or lover's behaviors always cause for suspicion?
Does she appear to create chaos just to make you feel crazy and insecure?
Does it seem that she lies about everything (even the small stuff)?
Does she accuse you incessantly of cheating to distract from her own suspicious behaviors?
Does she blame you for everything and take accountability for nothing?
Are you subjected to silent treatments and other controlling "punishments"?
Does she use "the power of the pussy" to manipulate and control the relationship?
Are you becoming obsessed with figuring it all out?

From the author of *When Love Is a Lie*, *When Evil Is a Pretty Face* provides a non-clinical narrative about female narcissism that is validating the experience of male victims worldwide. Unlike the male narcissist (who has to be substantially more covert in carrying out his agenda), the female narcissist *knows* that society sympathizes with her and against you and she will use this fact to work the system.

"Lacking a moral compass, a female narcissist will stay in multiple relationships, diligently working to keep partners unsure or unaware of the existence of the others, for as long as she can and even after her crime has been discovered. The fact that she causes pain to others is the fuel to her fire. Narcissists live their lives via the proxy of their partner's suffering and via the "rules and requirements" of the narcissist's relationship agenda." - **When Evil Is a Pretty Face, 2015**

This book will explain why the female narcissists does what she does, says what she says, and how her twisted mind *thinks* relative to her pathological agenda. The truth is that the female narcissist has her male counterparts beat hands down in the evil department and because she's a female, she is allowed to live her life in a way that is above reproach. But there is one thing that all narcissists have in common and that is that they can never be fixed - not with love, therapy, or with any magic pill.

No Contact is the only way to escape the relationship alive and Zari Ballard has written a book that will show you the way.
