Environment and Society: Human Perspectives on Environmental Issues, 5th Edition Charles Harper

Environment and Society relates to a diverse audience and encompasses viewpoints from a variety of natural and social science approaches.

This integrative book about human-environment relations connects many issues about human societies, ecological systems, and environments with data and perspectives from different fields of study. Its viewpoint is primarily sociological and it is designed for courses in Environmental Sociology and Environmental Issues, or taught in departments of Sociology, Environmental Studies, Anthropology, Political Science, and Human Geography.
