The Viking's Willing Conquest: Historical Medieval Adventure Romance Lolita London

Note: This is a full-length novella with no cliffhangers and a satisfying ending.

Bella hates Zane.

She hates the way he looks, the way he talks to her, and the arrogant way he acts. So when her parents tell her she's betrothed to be married to him, she knows something drastic needs to happen or she'll spend her life in misery.

Before she can start to think of a way to get out, something unexpected happens. An injured Viking washes up ashore just beyond the castle walls, and despite the insistence of Zane and others that he must be killed, Bella's father takes pity on him and takes him in to be healed.

So imagine Bella's shock when her father is killed in a cold blooded murder, and Zane tries to blame it on the Viking. In a fit of desperation, she goes to the local jail and frees the one man capable and powerful enough to get justice for her father - Azor, the very Viking accused of killing him.

Muscular, bold and not afraid to take what he wants, Azor takes a *very* close interest in Bella, and she finds herself being dominated emotionally and sexually by him as they journey together and their bond grows. But Azor has a dominant side that scares her as much as it makes her crave him, and she begins to wonder if things will ever work out.

Azor, on the other hand, has a plan.

He's going to take matters into his own hands, whether Bella likes it or not.

*This novella contains **multiple explicit sex scenes** and is recommended for **mature** readers only.*
