Predator Cities #1: Mortal Engines (Predator Citites) Philip Reeve
Welcome to the astounding world of Predator Cities!

London is hunting again. Emerging from its hiding place in the hills, the great Traction City is chasing a terrified little town across the wastelands. Soon, London will feed.

In the attack, Tom Natsworthy is flung from the speeding city with a murderous scar-faced girl. They must run for their lives through the wreckage--and face a terrifying new weapon that threatens the future of the world.

Beloved storyteller Philip Reeve creates a brilliant new world in the Predator Cities series, called "phenomenal...violent and romantic, action-packed and contemplative, funny and frightening" by the Sunday Times.
