"He was not going easy on me since it was my first time. In fact, he was laying it on hard and thick. I had no choice but to take the discipline as I lay across his lap helplessly, being punished like a naughty girl. Yet I hadn’t done anything to deserve such correction. But I knew the spanking was completely necessary. He needed to set boundaries early on and show me what would happen when I crossed those lines. I did not resent the discipline, but rather appreciated it. Even though it hurt like nothing I had endured in quite some time, I knew it as for my benefit and I was grateful that he loved me enough to follow through with all we had discussed."

Kylie had long dreamed of a dominant, authoritative husband. Now, upon marrying the love of her life Blake, her wish has come true! Follow this naughty wife's journey as she grows and matures through the strict yet loving discipline of her stern husband. The first work of an all new series, "The Honeymoon" is a 3,000+ word short story that features domestic discipline, hot action, a first-time bride, and a firm husband.
