The Pirate...
Catshifter Prince Jarek has no official title in space. Known simply as Captain to a misfit crew, he sails the high sky doing what he pleases. That is until one of his men is kidnapped by intergalactic drug dealers. Now he's on a mission to save his wayward friend. But instead of a crew man, he rescues a woman desperately trying to be free of her master. Or so he thought...

The Princess...
Princess Zhang Mei has just been told her future by a seer. It seems fate has given her in marriage to Prince Song Lok--future ruler of the only other dynasty on her home planet of Líntian. She will do her duty to her family, but first she wants something for herself. And when the pirates come to steal, she knows exactly what she wants that something to be--her.

Warning: The Var Princes were raised by a hard man who put no stock in love--especially love with one woman. Yeah, we'll see how that works for them. Contains adult content.
