Transforming Madness: New Lives for People Living with Mental Illness Jay Neugeboren
In *Imagining Robert*, Jay Neugeboren told the sad, deeply personal, often harrowing story of one man and one family's struggle with chronic mental illness. Now, he presents an overview of the entire field: a clear-eyed, articulate, comprehensive survey of our mental health care system's shortcomings and of new, effective, proven approaches that make real differences in the lives of millions of Americans afflicted with severe mental illness. A book for general readers and professionals alike, *Transforming Madness* is at once a critique, a message of hope and recovery, and a call to action. Filled with dramatic stories, it shows us the many ways in which people who have suffered the long-term ravages of psychiatric disorders have reclaimed full and viable lives.
