Return of the Encala T.M. Nielsen
A spin-off of the Heku Series by T.M. Nielsen. This book coincides with books 7, 8, and 9 of the Heku Series and may contain spoilers.

They live among us, blending with the human society, while behind closed doors and heavily guarded compounds, they continue age old practices of the immortal. The heku are indigenous to this planet and are far older than the earliest signs of man. They are militaristic, violent, and highly secretive. They are bound by strict rules that separate them from, and protect, the mortals.

After the Encala were systematically wiped out by Equites Forces following the death of a Council member, they strive to rebuild so they can again become a superpower in the heku world. While gathering in southern Canada, they come across a woman that was long ago banished by an enemy for feeding without consent. What they find astonishes them, and one of the games of the Ancients is found to still exist.

This unique view of the heku species focus on the every-day heku. While The Heku Series revolves around high-ranking and powerful members of the faction’s leaders, this story shows you the heku in the covens that work and struggle to make it in the world of the immortal.
