Statistics: Informed Decisions Using Data w/ an Introduction to Mathematics of Finance Pearson
This is a second custom edition for Southern New Hampshire University. I used it for both the MAT 130/240 courses. Comes with UNOPENED CD-rom that contains bonus content. Almost PERFECT CONDITION, it is a virtually unused book with virtually zero signs of wear. I paid around $180 when I bought it new, unfortunately, my professor did not ever use it in class.
