American Music: A Panorama, Concise Edition Lorenzo Candelaria, Daniel Kingman
This briefer, more accessible edition of our best-selling survey text describes American music as a panorama of distinct yet parallel streams--hip-hop and Latin; folk and country; gospel and classical; jazz, blues, and rock-that reflect the uniquely diverse character of the United States. Comparing and contrasting musical styles across regions and time, Candelaria and Kingman deliver a vision of American music both exuberant and inventive, a music that arises out of the history and musical traditions of the many immigrants to America's shores.
