My Offering: ... for what it was worth Paul Valerga
Follow the life of a young misguided teenager in a story which can best be described as 'Faust meets Dante'. This book tells the tale of a person who in a moment of self pity and rage offers to sell his soul to anyone who will bring him happiness. The offer that he made was eagerly accepted, by someone. He instantly began to reap the rewards of this contract, but it was only as he ages that he begins to realize the foolishness of his youthful offering. Much later on in life, when the entity comes to claim its prize, he tries his best to figure out what it was that he had once offered, and what he gave up for it.
