The Omega Rx Zone : The Miracle of the New High-Dose Fish Oil Barry Sears
Tight binding, no marks of any kind, no folded pages. The corners of this paperback are very slightly tipped outward, but other than that, it's like new. I really did intend to read this book, but it went straight to the shelf after I bought it... and there it still sits. I'm already sold on the idea of taking fish oil, so now it's time to sell the book!
