Alaska is supposed to be cold, so why is Alanna Cormac on fire? Sent on a dream assignment to Denali National Park, nature magazine writer Alanna Cormac has no intentions of falling in love with Dale Ramsden, sexy Iditarod winner. When Dale, his family, and even his eighteen sled dogs charm their way into her heart, however, Alanna's fast-track New York instincts crumble. The Alaskan landscape and the caress of a man too good to be true ignite feelings she never had time to explore before. Feelings that have her so blissfully busy she's unaware she's being watched. Judged. Targeted. She's next. Love will either save her or swallow her whole. Is there a difference?

This is a new release of a previously published edition.
