Dr. Karin A. Wettig

Lester Levenson's Secret Comeback - Will I am: Walking in - a new Way to live Dr. Karin A. Wettig "Masters really help when you ask them and Angels work only upon request!" was Dr. Karin Wettig's revelation after having written complaint letters for years to a famous Indian master who never answered. In this book she reports some of her experiences from her personal spiritual journal to share them with the reader.
During two near death accidents, unexpected support surprisingly came from another plane. Being rescued twice made her investigate the realm of human consciousness deeper. After having studied various mental and energetic healing techniques such as NLP, Hypnosis, Matrix, Healing Touch, Releasing, Rebirthing and even physical therapies, she discovered that stilling the mind by meditation using pure awareness was the bridge to meeting the masters "in a body" or even on the astral plane. Born in the same year when Lester Levenson, an American Physicist, went from deadly illness to full healing by awakening to enlightenment within three months, Karin Wettig never believed in any religious or spiritual tradition. Driven by allergies, severe nutrition problems and pain, she was convinced that God existed neither in churches nor in the universe. Angry with her destiny, she set out to discover the truth behind all suffering. Lester Levenson's self-realization intrigued her. As she couldn't ask him in person, her research of several years led her intuition to unveil exciting coincidences that proved to her the magically inspiring power of spiritual masters and the hidden presence of Lester Levenson in a new form because nothing is impossible to a true master.
