Learn how Texas politics affects public policy.

Lone Star Politics emphasizes public policy and the decisions of political actors in its approach to studying contemporary Texas politics. Using the best scholarship, current examples, and historical context, the authors examine how government and politics respond and adapt to the changes in the Texas political landscape.

Fully revised to meet the GOVT2305/2306 curriculum changes, *Lone Star Politics, 2/e* contains 14 chapters–a full semester's worth of Texas Government content. The second edition features the same pedagogical features students currently enjoy in American Government textbooks, extending their learning experience from the 2305 course seamlessly into 2306.

MyPoliSciLab is an integral part of the Goldstein program. Key learning applications include Texas Tribune Videos, Texas Explorer activities and state specific Simulations.
