Clear and Present Danger (A Jack Ryan Novel) Tom Clancy
The sudden and surprising assassination of three American officials in Colombia.

Many people in many places, moving off on missions they all mistakenly thought they understood.

The future was too fearful for contemplation, and beyond the expected finish lines were things that, once decided, were better left unseen.

Tom Clancy's new thriller is based on America's war on drugs . . . and the covert -- and shocking -- U. S. response.
