Hidden Falls: When Memory Came, Episode 11 Olivia Newport

Hidden Falls - an exciting new 13-part serial novel from Shiloh Run Studios!

So many things feel out of control. When Lauren's health takes a downturn, Sylvia has to trust her niece to Ethan's skill and ultimately God's care. And despite her aching, anxious heart, she's reminded to trust God for Quinn as well. Liam finally lets go of what he can't control and decides to find peace in trusting his brother with the truth - whatever the outcome. After finding the man she's sure is responsible for the recent crimes in Hidden Falls, Dani itches to take matters into her own hands - but she forces herself to wait for Cooper and the law to deliver justice. Meanwhile, she joins Nicole at the historical society to look for clues that might lead them to Quinn. After performing emergency surgery on Lauren, Ethan must make a decision about his family history, one that Jack finds very disappointing. At the end of a stressful day, realizing his future is unsure, Ethan escapes to hike and photograph the falls - never expecting to capture the shocking image that turns up on his camera.
