A Gathering of Spies

John Altman

A Gathering of Spies John Altman
Every once in a while, a new thriller writer emerges with such an instant command of his craft that readers everywhere take notice. Such a one is John Altman, with *A Gathering of Spies*.

In l943, America thought it had rounded up all the German spies on its soil. It was wrong. Now, Germany's greatest weapon-a woman with special talents, both for tradecraft and for death-is headed home with critical information about the still-developing atomic bomb, and the Allies' chief hope for stopping her is a British agent with agendas of his own. Originally recruited into MI5 to pose as a double agent, he's been telling the Germans that he'd do anything to free his wife, a prisoner of a Polish concentration camp. This happens to be true. The question is: How much would he really do to set her free? Where are his loyalties exactly?

As the two spies play cat-and-mouse games across three countries, the ambiguities deepen, each figure showing new sides, each action providing new twists, until at last both agents are swept into a series of climaxes as unpredictable as they are inevitable. This is suspense writing at its best-and the beginning of a brilliant new career.

"If there are thriller writers better than this, I'd like to know who they are. John Altman is a major new talent on the scene."-Jack Higgins
