Medical Statistics at a Glance Workbook Aviva Petrie, Caroline Sabin

This comprehensive workbook contains a variety of self-assessment methods that allow readers to test their statistical knowledge, put it into practice, and apply it in a medical context, while also providing guidance when critically appraising published literature. It is designed to support the best-selling third edition of *Medical Statistics at a Glance*, to which it is fully cross-referenced, but may be used independently of it.

Ideal for medical students, junior doctors, researchers and anyone working in the biomedical and pharmaceutical disciplines who wants to feel more confident in basic medical statistics, the title includes:

• Over 80 MCQs, each testing knowledge of a single statistical concept or aspect of study interpretation
• 29 structured questions to explore in greater depth several statistical techniques or principles, including the choice of appropriate statistical analyses and the interpretation of study findings
• Templates for the appraisal of clinical trials and observational studies, plus full appraisals of two published papers to demonstrate the use of these templates in practice
• Detailed step-by-step analyses of two substantial data sets (also available at www.medstatsaag.com) to demonstrate the application of statistical procedures to real-life research

Medical Statistics at a Glance Workbook is the ideal resource to test statistical knowledge and improve analytical and interpretational skills.

Additional resources are available at www.medstatsaag.com, including:
• Excel datasets to accompany the data analysis section
• Downloadable PDFs of two templates for critical appraisal
• Links to online further reading
• Supplementary MCQs

From reader reviews:

Karen Olden:

Nowadays reading books become more than want or need but also get a life style. This reading behavior give you lot of advantages. Advantages you got of course the knowledge the rest of the information inside the book which improve your knowledge and information. The information you get based on what kind of reserve you read, if you want drive more knowledge just go with knowledge books but if you want truly feel happy read one along with theme for entertaining including comic or novel. Typically the Medical Statistics at a Glance Workbook is kind of book which is giving the reader unforeseen experience.

Shirley Jones:

The reason why? Because this Medical Statistics at a Glance Workbook is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will jolt you with the secret the idea inside. Reading this book adjacent to it was fantastic author who also write the book in such awesome way makes the content inside of easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you for not hesitating having this ever again or you going to regret it. This book will give you a lot of positive aspects than the other book get such as help improving your proficiency and your critical thinking approach. So , still want to hold off having that book? If I had been you I will go to the reserve store hurriedly.

Jill Lee:

Medical Statistics at a Glance Workbook can be one of your beginning books that are good idea. All of us recommend that straight away because this e-book has good vocabulary that could increase your knowledge in vocabulary, easy to understand, bit entertaining but nevertheless delivering the information. The article author giving his/her effort that will put every word into enjoyment arrangement in writing Medical Statistics at a Glance Workbook but doesn't forget the main position, giving the reader the hottest in addition to based confirm resource data that maybe you can be one of it. This great information can easily drawn you into new stage of crucial considering.

William Reyes:

Are you kind of stressful person, only have 10 or even 15 minute in your moment to upgrading your mind proficiency or thinking skill possibly analytical thinking? Then you are experiencing problem with the book than can satisfy your limited time to read it because pretty much everything time you only find book that need more time to be learn. Medical Statistics at a Glance Workbook can be your answer since it can be read by an individual who have those short time problems.
