Where did our love go?: And how to get it back! Steve Wharton
Have you ever experienced ‘The Honeymoon Period’, the first few months of a relationship where you are literally ‘BUZZING’? Where you are both on a high and everything feels amazing. I guess you could say it’s that wonderful period of time where you have fallen in love. For the majority of us it’s one of the happiest times of our lives. Then for some inexplicable reason it seems to fade away and the beautiful ‘buzz’ is replaced by ‘normality’. Suddenly this man that was so in love with you no longer looks at you or even touches you in quite the same way. This is when you may even begin to wonder if he loves you anymore.

What if I told you I know why this happens and more importantly I know how you can get the ‘buzz’ back and keep it, permanently?

Wouldn’t you want to know that information?

Well if you do this book is for you.
