Chess: Conquer your Friends with 10 Easy Checkmates: Chess Strategy for Casual Players and Post-Beginners (Chess Books, Chess Strategy) Maxen Tarafa
Become a Chess Assassin! Finish your friends in Chess with 10 Easy Checkmates.

You know you need to checkmate your opponent before he checkmates you. But checkmate isn't as easy as it sounds. Wrestling your opponent's King into a position to checkmate him can take hours if you don't know the technique. Many casual players lacking the know-how give up on endgames they're certain to win.

But not you. Not anymore.

In this book, I show you ten of the easiest and most high-impact checkmates to help you seal the deal, hammer the nail in the coffin, drop the mic, bury the hatchet, or end the game using any euphemism you like.

After reading this book, you'll know how to:

Sheepdog your opponent's King into the corner for an easy checkmate

Break through your opponent's fortress of Pawns using The Sniper Mate

Recognize the most common checkmates and when to use them

Learn how to use Chess tactics and pins to your advantage in the final hour

Employ the best Chess Openings that are also Chess Closings

End the game unexpectedly before your opponent even suspects it

Use one simple checkmate technique most casual players overlook

-Turn your enemy's own pieces against him

-And more!

Playing the game is great. But ending the game is everything.

Don't lose another game you deserved to win! Conquer your friends with 10 easy checkmates today!
