An Introduction to Medical Astrology

Wanda Sellar

An Introduction to Medical Astrology Wanda Sellar
Medical astrology is a fascinating subject, yet undoubtedly a rather challenging one. In this work however, the author attempts to ease the path towards greater understanding of traditional astrological principles regarding health, as well as introducing some new experiential ideas. These have been developed through her long practice in this field. What can sometimes be helpful in studying a chart is to understand the psychological underlay to medical conditions inherent in the cosmic pattern. The many charts included in this work from the author's own casebook as well as the charts of some public figures both current and historical, suggest guidelines for interpretation. This book is recommended for anyone who is interested in exploring medical astrology in greater depth, and perhaps including some aspects of it in their own astrological work. Whilst medical astrology cannot take the place of advice from orthodox professionals, it can often throw light on prevailing problems.
