The Enchanter of Rangel: Child of War Book 1 Alonna Lissett
In the powerful Queendom of Rangel, women have sole control of the government due to their use of powerful magic and men are treated little better than chattel. All Rangelian men are bound by the commitment, a mandatory service time to government. Failure to do so can have you enslaved or even worse, sent to the arena in life or death battles for the pleasure of the female elite. 16 year old Xander is one such male on commitment who harbors a terrifying secret; he is the world's only known enchanter.

UPDATE

For all of my one start reviewers, you were definately right when you suggested I should proofread my work. I have read plenty of books where people complained about the editing that I thought was okay, but this definately was not one of them. I knew what I wanted to say and at times found it hard to get through this book. I have made many improvements and I hope the story flows better. For those of you who have read through all of the Child of War series and The Half Breed Chronicles, I left something extra at the conclusion of this book. Thanks for your support.
